HISTORIC ISLAND HAUNTS

Martha's Vineyard has always been known as a charming seaside destination. But on this island, a cautious tour reveals darker tales that lie beneath its familiar exterior. Walk by the House of Correction, where Old Joe patrols the cells in the afterlife. Savor spirits at the Kelley House, where the ghost of the widow of a whaler rolls Christmas ornaments across the floor and appears by the fireplace. Meander into the Victorian Inn, now The Christopher, where a honeymoon couple was spooked by towels flung on the floor and a rug that wiggled from beneath their four-poster. Local author and historian Thomas Deane explores haunted happenings from all six island towns, as well as tales of pirates, murder and the afterlife.
